

CACRAO (Carolinas Association of Collegiate Registrars & Admissions Officers) is offering **Virtual College Exploration** for all North and South Carolina students.

September 14 - October 9, 2020

- Students will gain a wealth of college knowledge, get exposure to a variety of colleges, and can ask questions of Admissions Counselors in a safe, flexible, online environment.
- All high school students, parents, and counselors throughout North and South Carolina are all welcome to attend. Participation is free and is held via a Zoom webinar platform accessible after registration. Parents should register their students using their student's information.
- If able, students should login to the session they've registered for to ask questions and interact with the college admission counselors. If students are unable to attend live, we still encourage them to register for the sessions they are interested in as recordings will be available on the CACRAO website afterwards.
- Click [HERE for a full list of all 276 virtual presentations](#)
